## STUDENT TESTIMONIAL Ms. Chikkala Saujanya

“I am thankful to RK University for making me who I am today. There is a remarkable change in me after I joined RKU. From day one it was like a session of bringing the best out of me in terms of study as well as in extra curricular activities. Even the dissertation work was a challenging experience. We had industrial visits, tours and many National conferences in campus itself. Seeking a job was also made simpler by conducting placements in the college itself. And people are so sweet that being a non Gujarati and staying in RKU for two years was a beautiful experience for me. And I feel proud to be a member of this family.”

### STUDENT TESTIMONIAL Ms. Nalla Yashika

“ All the teachers and staff are friendly; they are always willing to help and are flexible in meeting students in need. The environment is positive. I got lots of inspiration and confidence. There are lot of interaction between teachers and students. Teachers motivate us for studies, competitive exams. Placement programs were conducted with lots of enthusiasm. There's a perfect amalgamation of studies, extracurricular activities, cultural programs and lots more. Practical sessions were conducted regularly for more knowledge. I am grateful to all my professors and delighted to be a student at RK University.”
